

THE LEGEND

Volume 18, Number 1

Chairman's Welcome

Jim Augustus

With Christmas almost here it is obvious that 2005 is essentially behind us and our final or fourth quarterly newsletter is due for publication! Our St Louis Chapter has had another excellent quarter with another great Chapter Judging event held (see the Judging section in this Newsletter), the National NCRS Organization announced the St Louis and Kansas City Chapters have been given the 2008 NCRS National Convention (to be held July 13 – 17, 2008 at the new St Charles Convention Center, St Charles, Mo) and our Chapter has continued to gain in membership whereas we now have 65 members a 33 % increase from January, 2005!

Our NCRS St Louis Chapter Officers/Board Members have two new members for 2006. Please welcome Dave Buescher as our new Events Chairman and Ken Webb is the third Board Member. I look forward to their great contributions in the coming year. Speaking of the new year, we will continue our monthly dinner meetings at Ozzie's Restaurant on the second Thursday of each month so join us on January 12, 2006. I will be calling an Officer/Board meeting in the middle of January to set up the first draft for our 2006 schedule of events so continue to watch our website, your e-mail or your mailbox for upcoming activities. Don't forget we (with Kansa City) have an NCRS Regional at the Westport Sheraton on June 8 – 10, 2006.

I am counting on Dave Buescher to lead the effort in establishing our Chapter 2006 schedule of events. I know he will set up interesting activities for us however he will need to hear from every one. Look at your

latest roster and call or e-mail Dave with your requests for what events you would like our Chapter to hold. I believe we will continue to have our spring and fall Chapter Judging Events plus we have the Regional Meet in June.

Years and I mean back a decade plus, we did more road runs that had us driving our cars to places of interest or to eat, we held garage tours - typically one of our biggest turnouts, had tech sessions, occasionally met for breakfast at various locations, etc. I would like to see all these items get on the table for discussion. Again tell Dave your thoughts on what you want our Chapter to do. If you would like to volunteer to help Dave - just ask him. As I have said before, I would like to see more member involvement in this organization so Dave and I are asking for your opinion of what we should or shouldn't be doing to make people participate and enjoy themselves (we will also take complaints). Part of my long range planning activities will be to draft/approve/implement some spending profiles as well as look at income expectations for the Chapter. I believe the Chapter has some money in the treasury that could be pointed towards activity support which means we will listen to activity suggestions that may need funding support so don't be bashful and speak up.

My goals for my second year as Chairman are to continue the forward progress of this organization and they cannot be fully realized without your support. We in the organization may not always agree on all or any issues but we should be able to disagree and move on. As Chairman of your organization, I am asking for your involvement and support to continue the move forward for the growth of NCRS and

the St Louis Chapter. See you at the next dinner meeting.

Judging

St Louis NCRS Chapter Judging Event

Bernie Myers

The St. Louis Chapter of the National Corvette Restorer's Society will be hosting a spring judging event in conjunction with a picnic. The event will be held one of the local community parks beginning at 9:00am, **Saturday, April 22nd, 2006** at Mary's shelter in Love Park.

This has been a very successful event in the past and we're hoping to continue that tradition. Our chapter has some very knowledgeable judges in all Flight® classes to perform the judging duties but in order to provide our best effort, the number of entries may be limited, so please submit your application as soon as possible.

As usual, the chapter will be providing the main course for lunch while members are asked to bring along their favorite side dishes to share. This has afforded a virtual feast in the past. Please feel free to contact any chapter officer for information.

Activities

September Judging Event and Picnic

Bernie Myers

The fall judging event and picnic was held September 10, 2005 at Vago Park in Maryland Heights. Unfortunately, a family emergency prevented me from attending. I would like to thank those of you who stepped up to fill in for me in my absence, particularly Jim Augustus with whom I left the food and judging information in my hurried departure.

As before, the club supplied the meat, some salads and drinks and I hope no one went away hungry.

The new location was the result of Mary's Shelter in Love Park already having been booked for that date. In the confusion, the group actually used the wrong shelter, but since it had not been reserved, there was no complaint and everyone seemed satisfied with the location they used.

Results of the show were as follows:

Top Flight®, J. Allen Harkness 1963 Convertible

Second Flight®, Roger and Chris Reeble, 1971 Coupe

Second Flight®, Steve and Betty Gissy, 1976 Coupe

John Foster and Frank Savitz each earned a *Sportsman Award*.

Congratulations to all the award winners and thanks to all those who participated.

14th NCRS Heart of America Regional

The St Louis and Kansas NCRS Chapters are hosting the 14th Heart of America Regional on the 8th through 10th of June. It will be held atop the parking garage adjacent the Sheraton Plaza Hotel at Westport Plaza in St. Louis, MO. The HoA web site <http://stlouisncrs.org/2006/HoA/NCRS_HoA4.htm> has lots of information on local activities, an up to date meet event calendar, hotel registration links, a web based registration form, and maps.

The Sheraton was selected as the regional's host hotel. Reserve your room early and ask for the NCRS rate, rooms are blocked until May 17th at the rate of \$110 per night - subject to availability.

There is a registration form on the web site or you can use the form attached to this newsletter.

Articles

Refurbishing a Radio Noise Suppression Capacitor

Bernie Myers

The Delco-Remy noise suppression capacitors used on early Corvettes have not been manufactured for years. Even though they were used on many cars of the period, they have become fairly scarce. NOS examples can be found occasionally but the larger market for restoration purposes is in used ones. If you have a bad one, don't throw it away. It can be refurbished to function, if not look, like new. Here's how I repaired one I found.

The subject of this article will be a Delco-Remy 1911095 capacitor that was installed on the generator of an engine I saw laying on a trailer at a swap meet. It had been crushed and was electrically ruined internally. It now graces

the generator on my 1956 Corvette.

Following is a description of how it was converted from junk to a usable part.

I began by removing the orange rubber impregnated fiber seal (shown here partially removed to demonstrate the internal construction). This serves two functions. First, an environmental seal to prevent moisture from entering and secondly

to provide pressure on the lead assembly where it makes electrical contact with the internal capacitor.

When the seal is removed, the lead is released and can be separated. The wire passes through the disc and is splayed on the opposite side, then soldered to it.

The capacitor is comprised of two lengths of foil separated by a thin non-conductive layer, wound in a coil. To remove the

insides, I ran a screw in the middle and used a claw hammer to start uncoiling the foil. A large part of the coil could be extracted in one piece and the remainder I removed with a screwdriver blade. The mess goes in the trash.

What remains of the capacitor is the empty can and lead. What remains to be done is to replace the capacitor and seal the can, making it appear as original. To

start, I used a 3/4-inch round gasket punch to cut a circular piece from 1/8-inch thick orange neoprene gasket material. This will become the new end seal for the capacitor. I used a small drill bit to put a hole in its center, making sure it would be small enough to seal against the wire insulation.

I unsoldered the wire lead from the disc and slipped the new seal over the wire. Before soldering the disc back in place, I trimmed it to a slightly smaller diameter and drilled a tiny hole at the edge. The smaller diameter will help avoid shorting the lead against the side of the can or the internal spring which I

will install. The small hole will provide a place to solder the positive capacitor lead.

An important consideration here is the choice of the new capacitor. The NCRS judging guide will likely describe the capacitor by part number and reference it's value as 3 (or 5, depending on the specific capacitor) microfarads.

This is wrong by a factor of 10. Careful examination of the capacitor will reveal a decimal in front of the digit. 3/10 (or 1/2) mfd. is the correct capacitance. Modern capacitors are not generally available in standard values of 3/10 or 1/2 mfd. Close standard values to replace 3/10 mfd. are .27 or .33 mfd. A close standard value to replace 1/2 mfd. is .47 mfd. The exact values are not critical. Capacitors are marked with a dot or stripe at the negative end. Attach the positive end to the disc and wire lead.

I soldered the negative lead to the top of a spring that would fit inside the original can in order to keep electrical contact with it while maintaining pressure against the seal and added electrical tape so that the disc would not short against the spring. The whole assembly was inserted into the can until the neoprene gasket material could be forced under the lip of the can against the spring pressure.

The completed unit measures .271 mfd.; close enough. I installed it on the generator.

Board Meeting Minutes

Kay Augustus

The **July 14th** meeting of the St Louis Chapter of NCRS was held at Ozzie's in Westport. Our attendance was great once again. We agreed that the next meeting would be held on August 11th and would be preceded by a Board Meeting for discussion of our 2006 Regional updates.

Frank Savetz reminded everyone that the Car Show at Vettes would be held on Sunday, August 7th and he encouraged everyone to attend.

The reports on the Road Tour to D & A Corvettes indicated everyone had a good time and they were very impressed with the set-up plus they were shown the complete D & A facility. Many questions were asked and they were all answered.

John Foster reported that he and David Grayson would be meeting on August 9th with our contact at the Sheraton for confirmation on our 2006 Regional meeting needs, etc. John emphasized that our registration/information must be in the January issue of Driveline.

All were reminded that the next Chapter judging meet is at Vago Park on September 10th. We still need volunteers to help judge and tabulate the scores.

The August 11th meeting of the St Louis Chapter of NCRS was held at Ozzie's in Westport.

The guests present were Gary Dickemann, Steve Gamber, Kimbrell Garrette and Val Markel. Thanks to all the guests for their presence. We appreciate everyone's interest.

The next Board Meeting will be held on October 13th prior to the regular meeting.

The Chairman showed everyone the banner for our first NCRS Chapter Top Flight Award that we received from National. Overall the National awarded 14 Top Flights, 2 Second Flights and 1 Third Flight banner. There was discussion whether we should continue our efforts towards another award next year. The membership agreed and voted to continue.

John Foster reported that the 2006 Regional is moving along nicely. There are volunteers for leading certain activities and others that are willing to help. John is trying

to have the Driveline article ready by September 15th. State Farm has volunteered to donate judging t-shirts again. It was suggested that we check with Don Darr Chevrolet for other donations as they have helped us in the past.

After discussion that was led by Jim Augustus, Joe Anthes made a motion to form a long range planning committee. This would consist of 3 - 5 people that would help plan our long range/future activities for the Chapter. Rod McCoy seconded the motion.

Mr Jim Galinsky, an NCRS St Louis Chapter member from Branson, Mo would like to see if we could help him arrange some type of event in Branson that would be hosted by both the St Louis and Kansas City Chapters. We will be look into this request in our long range planning efforts.

The September meeting of the St Louis Chapter will be held at Vago Park at 9:00am prior to starting our Judging meet.

Meeting adjourned.

The **September Meeting** of the St Louis Chapter of NCRS was held at Vago Park prior to the Judging Meet.

This was an informal meeting to cover just a few things. The Christmas Party is being checked into/set up by Connie. The membership is invited to attend a joint meeting with Kansas City in Columbia on October 15th. Dana Forrester has already volunteered to do the art work for the t-shirts. Dana and Kelly Waite talked and agreed to be in charge of doorprizes/giveaways. Tom Green volunteered make the t-shirts and he will donate the kids t-shirts for the event. John and David had a preliminary meeting with the Sheraton Hotel and it went fine.

The **October 13th** meeting of the St Louis Chapter of NCRS was held at Ozzie's. One

guest was present, John Mathers from Lake St Louis who owns a 1997 Corvette and is looking for a mid-year. Once again, the attendance was very good at our dinner meeting.

The account for the 2006 Regional was activated with a deposit of \$500.00 from both St Louis and Kansas City Clubs.

There was discussion about donating left over t-shirts et cetera to hurricane victims but it was decided that it was too late.

National NCRS dues will increase \$5.00 to an annual cost of \$35.00 as of January 1, 2006.

The Restorer has a new editor. It is Wayne Scabler who has been an editor of many other car magazines in the past.

Joan Burnett has an updated roster and will send it to our membership.

Volunteers and now members of the long range planning committee are: Dave Buescher, Joe Anthes, Frank Savetz, Joan Burnett and Jim Augustus. Jim plans on holding the committee's first meeting in January 2006.

Connie Myers is checking on rooms/food for our Christmas Party and will get back to everyone at our November meeting.

Jim Augustus requested that nominations for offices for 2006 should be in by no later than November 10th.

Motion made and seconded to add monies to the amount from the car show and give Nurses for Newborns an even \$1000. We will also bring gifts for them to the Christmas party.

John Foster announced that there were 7 people coming from the Kansas City Chapter to attend the 2006 Regional planning meeting in Columbia on October 15th.

Discussion was held regarding moving our monthly dinner meetings to Willikers in St Charles however it was voted down.

Meeting Adjourned.

St Louis~Kansas City Chapters~2006 Regional Planning Meeting

The St Louis and Kansas City NCRS Chapter representatives met in Columbia, MO on **October 15th**.

The 2006 NCRS Regional will be held in St Louis on June 8 – 10 at the Sheraton Gold Tower in Westport Plaza. The contract has been signed and rooms blocked at \$110 per night and we have a stipulation that for every 50 room nights booked, we get one free night for Regional use.

The Regional seed money was increased to \$750 per chapter. St Louis already paid the hotel \$250 and will send National the \$500 that is required by them. We agreed that we are not looking for profit however, we would like to get our seed money back.

Local long term trailed parking seemed to be a concern after our experience with our last Regional so it will be looked into immediately. We are contemplating holding seminars on tires and carburetors and are checking with some ex St Louis Corvette plant people regarding hosting a round table discussion of what went on at the old plant. Marvin Burnett will check with the Superior lift people again and see what the cost would be to have them bring a 4-post lift to the event. We will look for potential buyers of the lift as we have done in the past..

The committee agreed we have to get our draft registration/activities into the next driveline as well as sending it to the National and on our St Louis webpage.

Meeting Adjourned.

The **November 10th** meeting of the St Louis Chapter of NCRS was held at Ozzie's. Guests present were Jim Staub with a '57 Fuelie and Dale and Valerie Zeisset with a '65, '66, '69 and '96.

Under old business the long range planning committee is in place and Jim will try to hold their first meeting in January. The members are: Dave Buescher, Joe Anthes, Frank Savetz, Joan Burnett and Jim Augustus.

The Chapter check was delivered to Nurses for Newborns and their representative will be attending the Chapter Christmas Party so that we can present additional gifts to them.

Connie emailed everyone about our Dec 4th Christmas Party and requested your confirmation and meal choice be sent or called in to her by November 22nd.

John Foster presented an overview of the very successful 2006 Regional Planning Meeting in Columbia. The National money has been paid, Kansas City gave their \$750 seed money to Joan, and the draft registration form was shown. The form has been sent to the Driveline. There was discussion about holding a competition between the two clubs for a raffle to raise money for each Chapter's charity. This raffle suggestion will be discussed further at our next joint meeting. Aside from the Charity Raffle we still need raffle/door prize items. Marvin discussed the latest info from the Superior lift people. It appears their prices have increased as they want to charge us \$3295 (\$3500 with casters and rails) for a 4 – post lift. Marvin will ask other Lift Companies if they would like to bring a 4 – post lift to our event and what would the cost be if we sold it to someone at the event.

Joan Burnett announced that we have been contacted by National and have been asked to hold the National Convention in 2008. Jeff Cook (National Treasurer) has already contacted the St Charles Convention Center and the host hotel (Embassy Suites) which were proposed in our original bid (all original dates were still available). This is good news for us as the National could have gone back out for new bids.

Make sure and get all election requests in by November 21st. Ken Webb volunteered to be a Board Member.

Meeting Adjourned.

Editors Note

Doug Garrette

The newsletter is a great way to keep everyone in the club current on our latest activities. We are working hard to keep it and our web page up to date. The next edition is planned for April.

Our web page (<http://stlouisncrs.org/>) and newsletter have moved to our own host and we can begin posting classified ads.

Member ads to buy, sell, or trade are available free to all NCRS members for any model year Corvette. They will also show up in the next edition of 'The Legend' and will be added to the classified page on our web site.

(A small portion of the proceeds from our advertising and classified ads will offset the cost of our web site with the remainder going to the charity that we sponsor – Nurses for Newborns)

Classified Ads:

- Free for members – 50 words or less
- \$10 for non-members

Commercial advertising is available for the newsletter (also includes a link on our web page). All ads will be included in four consecutive newsletters.

Commercial Advertising:

- Full Page - \$75
- ½ Page - \$50
- Business Card size - \$25

Feel free to drop me a note if you have any suggestions for improving our newsletter or webpage (dgarrette@charter.net) I want to hear from you!

Order your club shirt. Available in Small, Medium, Large, X-Large, XX-Large and XXX-Large. Contact Cherie Garrette at (314 971-1373) or dgarrette@charter.net for your order (\$25 per shirt)
